

I've got to get this
mailed now, but will
write again tonite.

Richard.

ARMY AIR FORCES

LOWRY FIELD
DENVER, COLORADO

My budely wrote this
for me.

Oct. 15, 1946

Dear Mom

Well here it is Tuesday, and I haven't
got a letter wrote yet. I got a letter from you
yesterday and one from the folk boys too.

I haven't wrote to them for along time now.

They have wrote about 3 or 4 letters to me
and I still haven't wrote to them yet. In

the letter I got yesterday from them
they ask if I was still here on this
camp I guess they thought I got shipped

I'll have to try writing to them as soon
as I can find time I got cookies you sent
to me and they was pretty good. you said
dad was picking corn for the boys. He will
have to get his corn picked pretty soon won't
he. I always hated to grease that damn corn
picker. but I wouldn't mine it now if I
could come home and pick corn with you I'll
be home if I don't enlist again I suppose
you and dad have all you can handle with
carrots, choovers and yams. Well mom guess
my boyfriend is going to get his pictures
out tonight if he does

I will send you a picture of him. He is a nice looking boy. That was a very nice picture of her too. I went down to the park with my boyfriends we took pictures then went to the show I had a nice time with them too. If he gets the pictures out I'll try and get some off a him and send them to you Boy when I look at those pictures I wished I was back home.

~~Will~~
Will I soon have to go to the show with my buddy.

You're doing pretty good if you can read his writing, I think. We took some pictures down at the Park Sunday, so if they are any good I'll get some of them and send home.

Did you find a washing machine Saturday, I really think its a good thing that you have decided to get one. But you better not try to take in any washing to do, just your own. I see alot of them out here in the stores, May tags and all kinds.

So Ruth would like to rent Uncle Clates place Lyle probably could rent some more land out there by it couldn't be. Has Gilbert's ever decide what he was going to do yet. I'd like to see you get some good neighbors in there where Geo. Scott lives. I wouldn't want that Carl Enabit to live there either. That would be a nice place for Dad to buy would it.
Richard
